

SANTA MARIA ENGLISH MEDIUM SCHOOL

MUNDAMVELI P. O. SANTHOME, KOCHI

Affiliated to CBSE No.930555

CIRCULAR NO.11 - 05/04/2022

Dear Parents,

Hearty greetings from Santa Maria School.

We have come to the end of another successful academic year, completing the session both online and offline. It's only because of the grace of the Almighty God and working with passion, planning, persistence, perseverance, purpose and your support. The vibrant, dedicated and passionate teaching and nonteaching staff of our school has ensured to attain our mission in letter and spirit – To provide the young minds opportunities for realizing their potential; nurture them into ideal citizen, spiritually mature and psychologically integrated and enable them to shoulder responsibilities towards the family, society and the country.

Glad to say that number of milestones were achieved this year too. One among them is that our school figured in the list of best schools in West Kochi and number of parents seeking admission for their ward to our school is increasing rapidly. I do recognize that the positive comments of parent community of our students, dedicated service of our staff and excellent performance of students in both scholastic and non-scholastic areas and moreover the individual care and character formation that we focus upon are some of the motivational factors behind this rush for admission. Thank you, dear parents, for your trust in the Management of Santa Maria School-Sisters of Our Lady of Sorrows.

The academic year 2022-2023 is in progress and our focus continues to be on holistic and integrated development of our students laying stress of ethical values. The CBSE has come up with several changes with the implementation of NEP 2020 in the pedagogy, examination and evaluation pattern. We will continue to encourage our students towards innovation in things which can be implemented in daily life.

We have closed for summer vacation on 1st April 2022. Although, holidays are a time for relaxation, students may utilize the time fruitfully to improvise their shortfalls, especially the writing skills and request you to help them to maintain discipline and good behavior.

Kindly note the following:

- ❖ The school will be reopened after summer break on Monday, 6th June 2022.
- ❖ Attendance from the first day is mandatory.
- ❖ Office will function on all working days except Saturdays from 10am to 1pm during summer vacation.
- ❖ Uniform materials will be available on 5th and 6th May 2022 from 9.30am to 2pm.
- ❖ Textbooks, Notebooks, socks, tie, belt etc. will be made available on 13th, 14th and 16th of May 2022. Parents can purchase Notebooks also if required.
- ❖ We shall continue the Fee Structure of the academic year 2019-2020 with 10% increase only in Tuition Fee for the academic year 2022-2023.

Fourth Instalment - 01/01/2023 to 20/01/2023

Remittance of Fee as usual at bank only. For further details, contact school office.

SIMPLE SUGGESTIONS FOR HAPPY HOLIDAYS

- Encourage your child to reflect on the past academic year, 'what did I not do so well in the year?' and 'what will I do differently in the coming school year?'
- This is a great opportunity to improve physical health – sleep well, exercise regularly and eat healthy food.
- Teach your ward to trust in God and practice prayers and rituals as per your religion.
- Help them to develop new skills – public speaking, reading, cooking, drawing, dancing, self-defense, meditation, yoga etc.
- Introducing gardening at an early age is very important, they form bond with nature.
- Support them to implement the three 'R's- Reduce waste, Recycle and Reuse it.
- Teach them to manage your money. Money management is a valuable life skill. Give them a small amount of money and ask them to keep an account of the expenditure and explain to you.
- Encourage them to develop their vocabulary which is necessary for success in school and life. Let them learn five new words every day.
- Ask them to improve their writing skills that are important for academic success and they are even more important for career success.
- Allow the child to play outdoors for some time, get hurt, get dirty. It's okay to fall down and experience pain once in a while. Comfortable life in a cushioned sofa might make your child lazy.
- Avoid giving them junk food, let your child be healthy to take care of you too.

Wish you a Happy and Healthy Summer Break!
